May, 2004

The Tabligbo M.K. (Missionary Kid) School has been a vital part of our team's ministry among the Watchi of Togo since September 2000. The primary purpose of the school is to educate the missionary children in English using American curriculum. Secondly, the school provides the evangelist-missionaries, particularly the mothers, more time for ministry.

The school currently serves children in preschool through 4th grade. Curriculum, school supplies, and computers are available to help the children learn. One essential aspect of the school that is constantly changing is the teacher. Because of the wide range in student ages, the school needs two volunteer teachers each school year.

To help the teachers, God has provided a furnished rental house near the school as well as a vehicle for their use. These allow the teachers to quickly integrate into the life of the team and the work at the school. To assist our volunteer teachers, we need sufficient funds to cover their living expenses, vehicle maintenance, rent, utilities, insurance, personal expenses, taxes, and travel. To cover these expenses for two volunteers, we are praying for \$2500 a month.

Please join us in asking God to provide the needed \$2500. If you desire to participate in our ministry to the Watchi in this way or would like more information please contact us by email: watchiteam@harvestfields.net or through our website: www.watchiharvest.com.

On behalf of the Watchi Team,

Jeff Holland
